Environmental Information for Standard Offer Service Provided by Energy.me

This disclosure is required by the Maryland Public Service Commission

The following environmental information is for Energy.me Customers with Standard Offer Service. Standard Offer Service is provided to those customers who have not chosen an alternative electricity supplier.

Power plants can generate electricity from a number of different fuel sources, resulting in different emissions. Energy.me will report fuel sources and emissions data to customers twice annually, allowing customers to compare data among the companies providing electricity service in Maryland.

The provided Standardized Environmental data is from the dates of January 2018 through December 2018. **For additional information, visit our website at <http://www.energy.me>.**
